Financial Assistance Policy

As a charity, we aim to ensure that no young person is unable to participate due to the financial circumstances of their family and where the need arises 1st Weald Brook can offer assistance.

This is regularly advertised.

To ensure that all families are treated fairly, all applications will be treated in the following manner:

Request:

All applications will be directed to the treasurer who will arrange a chat with the family.

The treasurer and the chair will meet to discuss the assistance that can be offered and will document the decision.

The treasurer will communicate the outcome to the family.

The decision will be reviewed annually in December.

Reporting:

The treasurer will report the number of families receiving financial assistance at Group Exec/Trustee meetings and any material change.

The figures will be included in the annual accounts.

Exceptions:

If there is a conflict of interest then another trustee will replace the chair or the treasurer.
